

AET Partners With Florida Sleep School

AET partners with Florida Sleep School Classrooms at Sleep Management Centers are now equipped to offer worldwide, real time lectures in HD over a secure, encrypted internet connection. This allows students to receive live course lectures from sleep professionals from around the world. This type of classroom setting allows students to visually communicate with the presenter just as if they were in the same room, giving another dimension to their learning experience. Click on the link below to learn more about the Florida Sleep School.
